The Green Mountain Union High School District views safety to be the most important aspect of its transportation program. To this end, cameras may be installed on the buses to promote desired student behavior and to permit the driver to concentrate more of his or her attention on the safe operation of the bus.

The following procedure shall be used regarding these cameras:

1. All footage will be considered confidential and is to be viewed only on an "as needed" basis by the administration and, when appropriate, parents to serve as an aid in determining inappropriate student behavior.
2. Tapes not necessary for ensuring appropriate discipline will be recycled within three days.
3. The driver is responsible to maintain control of the bus and will continue to intervene any time a student's behavior threatens his or her safety and/or the safety of other students.
